ABOUT US

Established in 2019, Lyg Tante Metal Trade Co., Ltd. is a leading global supplier of stainless steel and industrial raw materials, known for quality, reliability, and customer-centric solutions. With a reputation built on ethics and expertise, we deliver innovative metal solutions to clients worldwide. Our company has sourced over a million tons of steel for consumers in Pakistan, showcasing our strength and reliability in handling large-scale projects. Whether it's long, flat, coated, heat-treated, or engineering steel, we have access to all varieties of steel from across the globe. Our competency in managing order lead times, port logistics, and warehousing sets us apart, providing a significant value proposition for our clients.

OUR SERVICES:

MANUFACTURING & DISTRIBUTION

High-quality stainless steel and metal products tailored to various industries.

LOGISTICS & WAREHOUSING

Efficient management of order lead times, port logistics, and warehousing.

GLOBAL TRADING

Exporting and importing metals conforming to international standards.

CUSTOM SOLUTIONS

Technical expertise to meet specific project requirements.

SERVICES OFFERED

Your Path to Success: Navigating the Future with Precision

Distribution & Trade

01

Tante Metal Trade Co., Ltd. offers comprehensive distribution and trade services, ensuring that we manage supply chains, sourcing, and logistics effectively. With our robust partnerships with international suppliers and manufacturers, we handle the distribution of high-quality steel products globally.

02 Indenting & Imports

We specialize in indenting and sourcing steel products globally. By leveraging our extensive network, we help clients reduce the logistics burden and pass on economic benefits through our strategic sourcing relationships with international steel manufacturers.

Exports

03

Tante Metal Trade has expanded its footprint to global markets, exporting stainless steel and other metal products to a wide range of countries. Our strong logistics capabilities ensure timely delivery and compliance with international standards, offering the best value to our clients.

04 Project Exports

Our project export services are tailored to handle large-scale, customized steel requirements for specific projects. We offer diligent handling, superior material management, assembly, packaging, and on-time delivery of various products, including fasteners and steel structures.

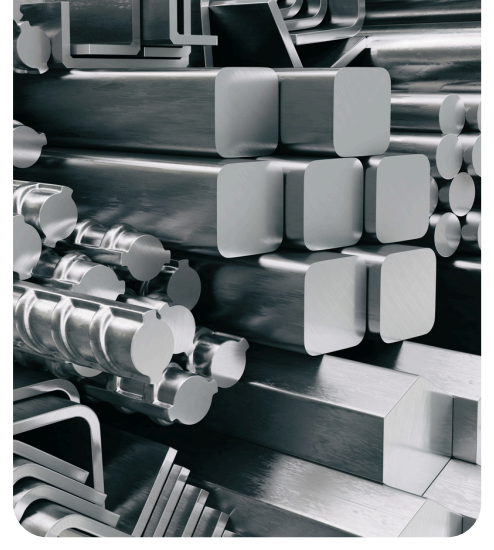

Manufacturing

05

Lyg Tante Metal Trade Co., Ltd. manufactures a diverse range of steel products, including stainless steel pipes, tubes, coils, plates, sheets, wires, and precision machined components. Our manufacturing operations are backed by years of expertise and commitment to quality.

06 Wires

We offer a variety of wire types, including round, square, hexagonal, and rectangular wire, with different dimensions to cater to various industry requirements. Our steel wires are produced to meet international standards, ensuring reliability and durability.
